only this time with the North,  
and all oppressed people throughout the world."**

# PATRIOT PROGRAM.

## WHAT WE DEMAND

1. We demand freedom. We demand power to determine the destiny of our oppressed white community.
2. We demand full employment for oppressed white people, and that the means of production should be placed in the hands of the people.
3. We demand an end to the robbery by the capitalists of our oppressed white community; we demand that they do not make a profit on things we need for survival.
4. We demand decent and adequate housing, fit for shelter of human beings, regardless of our income.
5. We demand education that exposes the true nature of this decadent American society; that teaches us our true history; that teaches us cooperation rather than competition.
6. We demand that all oppressed white people be exempt from military service.
7. We demand an immediate end to police brutality and murder of oppressed white people, and that the people of our community control the police.
8. We demand freedom for all oppressed white people held in federal, state, county and city prisons, and that all our people be tried by a jury of their peers or from their communities.
9. We demand the end of the rape of our land by the corporations and monopoly farmers, and the land be returned to the people to meet their basic needs.
10. We demand an end to racism, and the inequality of the sexes, as tools of capitalism to divide the people.

**WE DEMAND THESE THINGS IN THE INTEREST OF THE PEOPLE, AND WE THE PEOPLE WILL HAVE THEM AND DEFEND THEM BY ANY MEANS NECESSARY.**

The Patriot Party Program is a Peoples' Program. The Program of the Patriot Party is a Program of oppressed white people of the United States. The 10 Point Program came from the people themselves. The people were asked, "What is it that you want? that you need? that you desire to see?" and the people answered. What the people answered was based on their real life experiences. The people's answers are based on the day to day reality of their lives. And the reality of the people's lives is reality made up of not enough to eat, lack of decent clothing, lack of decent housing, lack of good medical care, lack of justice, police brutality, taxation, being drafted into the pig army, being abused and forgotten, being purposely kept miseducated about the true nature of this country. Used by those in power - capitalists - to maintain the privileges of a very small minority at the expense of the majority of the people. The people made their own needs known to the Patriot Party and the Patriot Party put these together into the 10 Point Program.

After we listened to the people, we heard that the people were asking for Socialism. The people themselves, after years of being brainwashed about the evils of anything opposed to the so-called "free enterprise" capitalist system are aware that they themselves, through history, know Socialism - through their practice of cooperation with each other to survive in a world kept purposely cold and hard by those in power. The people have always helped one another out - cooperated with one another. Built barns together, built the country together, shared their food, shared their wine. The people have always practiced primitive socialism. What the Patriot Party is doing is learning from this practice and bringing it back to the people in socialistic programs. We want the people to practice it in the open and on a wider scale. We have Breakfast Programs that show the people that they don't need anybody to feed their hungry children, that they can feed themselves.

We also have medical programs that educate the people

to the fact that they can take care of their own medical needs. All the Peoples' Programs are part of the community and eventually will be run and expanded and enlarged by the people themselves. This is how the Party educates the people - not by talking about our ideas, but acting on them. We know it is better for people to cooperate with one another than compete with one another. The people learn through participation and observation that it is better to cooperate with one another than to compete. And the people are cooperating all over the country from Yorkville and New Haven in the northeast to Eugene, Oregon on the west coast. And everywhere the Patriots go, we take our Programs. Programs may differ from location to location as our programs are created according to the peoples' needs (Housing - NY, Free Wood - Oregon). But every program has the same goal: to educate the people, through the example of Socialism, a system where economic competition is reduced to a minimum, where all people have the basic human rights - not civil rights - of food, clothing, education, housing and medical care - everything the wealthy in this country take for granted.

**WE DEMAND THESE THINGS IN THE INTEREST OF THE PEOPLE, AND WE THE PEOPLE WILL HAVE THEM AND DEFEND THEM BY ANY MEANS NECESSARY.**

Because of the threat that the Patriots are to the handful of Rockefellers, DuPonts, Morgans and other billionaires who control this country, we know that we have to bear arms in defense of the Peoples' Programs. Talking to the capitalists about socialism is like talking to the mortician about eternal life.

We are the true Patriots, Revolutionaries, who relate to the Constitution of the United States. That it is our right to bear arms in self defense.
